

Happy 2007 from Southlake Dermatology.

We want to help you make 2007 the year you work on changing your appearance to match the way you feel rather than how old you are. As such, we are offering a promotion on Laser Hair Removal to kick start your year. Give us a call for a free consultation or call today to make your appointment to begin your series.

Laser Hair Removal Special

Highly controlled flashes of light are selectively absorbed by hair-filled follicles lying below the surface of the skin. The absorbed light heats the hair, which damages or destroys the regrowth potential of the follicle. All of this occurs without damaging the surrounding tissue. The hair must have pigment for the treatment to be effective. With this special, we are offering 3 free cellulite treatments to the back of your legs, valued at \$1260, when you pay for a series of 5 Hair Laser Treatments for the bikini area or the legs.

Cellulite Reduction Treatment

We are currently participating in a FDA study for cellulite reduction and body contouring. Through a series of treatments, cellulite fades away giving a smooth appearance in those troublesome areas where women tend to show this unsightly dimpling of the skin. In addition, we are seeing tightening of the skin and reduction of fat volume. Pricing before FDA approval is lower. So, take advantage now.

Save 40%

Prepare for the summer by starting your Laser Hair Removal this month. You will receive 40% off of any hair laser treatment series by paying for the series of 5 treatments this month. In addition, any Laser Hair Removal Package for the bikini area or legs includes 3 Cellulite Reduction treatments for the back of your legs. Call today to book your appointment.

Offer Expires: February 28, 2007
