

Southlake Dermatology Newsletter

Spring Edition

May 2009

May is Melanoma Awareness Month so use this reminder to check all your moles for any changes. Using your sunscreen daily with zinc oxide as well as a topical antioxidant such as Revale or Phloretin CF can help protect your skin. The sun causes that frown to shine so enjoy our Mother's Day gift to you of a Botox Diva Day. It's not too late to help the bikini line look and feel its best with our new Soprano hair laser system.

Botox Cosmetic Day

Patient B.
Melanoma Patient

Are you concerned with frown lines between the brows that make you look tired, stressed or mad when you're not? Crow's feet or neck bands becoming more apparent? There has never been a better time to refresh your look with 20% off all units of Botox received. This special offer will only be available Friday, May 22nd. Make your appointment today!

Soprano XL Painless Hair Laser

New technology has allowed development of this new laser which allows us to treat hair-bearing areas painlessly and faster than any other laser available on the market. We have set pricing to include unlimited touch-ups for one year. One price will include as many treatments a patient

needs in order to achieve maximum results or 80-90% reduction. For example, the bikini area is \$1000 which includes all treatments for up to one year.

Tighter Firmer Skin

Using radiofrequency, Accent promotes the creation of new collagen. Accent can improve the appearance of loose, sagging skin and cellulite anywhere on the body. Accent treatments tighten the skin and make it look smoother, all with no down time and pain free. Think of how nice your skin will look in summer clothes after Accent treatments.

Skincare Products

[SkinMedica](#) has a new product that combines antioxidants and TNS into one application. Click for more details. [Revale](#) also has a new eyecream that helps rejuvenate as well as minimize puffiness.

[Revitalash](#) is an amazing product to help your eyelashes become longer and thicker. An ophthalmologist developed this for his wife who fought breast cancer. In six weeks you will notice a difference!

Mother's Day

Just a reminder, we have gift certificates, your choice of denomination, to treat your special moms, grandmothers, sisters, to a relaxing facial, treatment or skin care products Southlake Dermatology offers.

We are here to service all your skincare needs. Please contact us if you have any concerns. We also encourage feedback from our patients to help make your experience with us warm and inviting.

Sincerely,

Southlake Dermatology
